13. Are you interested in spiritual topics and in developing your spiritual gifts to become your authentic self?

If, in addition to the previous questions, you also agree with the following ones, the intensity of your signs of spiritual transformation increase:

14. Have you suffered a major setback in your life such as a health crisis, death of a loved one, relationship ending or career setback?
15. Are you feeling spiritually lost?

If the majority of your answers to these questions are 'YES' you are going through a spiritual transformation. You have learned and grown as much as you could up until now with your ego/personality in charge. Now your soul is calling you to become the REAL authentic you.
